

# HYDRAFACIAL™ TREATMENT PRODUCTS

## Activ-4™

### BENEFITS

- Deeply cleanses skin. Softens sebum and impurities to aid in extractions.
- Assists in dislodging dead skin cells for exfoliation.
- Provides residual hydration to aid in firming and smoothing the appearance of fine lines.

### INGREDIENT HIGHLIGHTS

- **Glucosamine HCl** – Exfoliator
  - **Algae Extract** – Calm and Soothes
  - **Lactic Acid** – Exfoliator and Brightener
- pH Level 4.25 - 4.50

## GlySal™

### BENEFITS

- Combines the benefits of aggressive exfoliation and chemical peels into a one-step resurfacing procedure.
- The result combines accelerated peel benefits with visible skin rejuvenation and no irritation.

### INGREDIENT HIGHLIGHTS

- **Glycolic Acid** – Exfoliator
- **Salicylic Acid** – Exfoliator

**GlySal™ Prep**  
7.5% Glycolic Acid  
2% Salicylic Acid Peel  
pH Level 3.0 - 3.5

**GlySal™ Peel**  
15% Glycolic Acid  
1.5% Salicylic Acid Peel  
pH Level 3.0 - 3.3

**GlySal™ Peel MD**  
30% Glycolic Acid  
1.5% Salicylic Acid Peel  
pH Level 3.0 - 3.3

(Physicians Only)

## Beta-HD™ Clear

### BENEFITS

- A multi-action specialized skin solution formulated for oily and congested skin, but can be used for all skin types.
- Salicylic Acid enhanced with Willow Bark gently exfoliates preventing the buildup of dirt and sebum within pores.
- Complexion may appear more clear and radiant.

### INGREDIENT HIGHLIGHTS
